Work Experience

Suvidha Foundation(NGO) - Web Developer Intern

December 2022 - February 2023

Gwalior

- Engaged in web creative design and development.
- Assisted in site development and enhancements of current site to boost engagement by 15%.
- Created a mock reimagined version of the site to bring a fresh perspective.
- Followed the design and development closely and provided with solutions where necessary
- Recieved a Letter of Recommendation(LOR) for my work

Projects

Have_a_chat - Creator

- Used Whisper api and chat GPT to create a question answer format app that lets you converse with video lectures from youtube.
- Developed front-end user experience using React.JS, Tailwind and RESTful APIs.
- Created back-end using MongoDB, vector database Pinecone and langchain for embeddings

Code_karo_yaaro - Creator

- Designed a reimagined educational platform for young coding enthusiasts.
- Developed front-end with HTML, CSS, Bootstrap, and Vanilla JS.
- Designed a fun and interactive layout that holds attention and increases clickthrough rate.
- <https://re-codekaroyaaro.netlify.app/>
